				991.28	
Net Unexpended Balance					\$18,514.11

Selectmen's Report

To the People of Rye, New Hampshire:

The virtual completion of the new Bethany Church at Rye Center again affords the people of Rye, the pride of possession of a Town Clock which has been installed in the steeple. The Town Hall bell donated to the Bethany Church at our 1960 Town Meeting has been transferred to the belfry of the church. The sound of this bell striking the hourly time signals is happily anticipated for many years to come.

Fort Dearborn (Odiorne's Point) has apparently been acquired by the State of New Hampshire as a potential recreational area. It will no doubt be some time before any appreciable development can be expected. The potential of this area for recreational purposes is almost unbounded and eventually could become a great asset to both the Little Harbor area and to the Town of Rye as a whole.

The Rye Harbor improvement project has passed all hurdles except the formality of a federal appropriation. Early action and actual start of dredging operations are anticipated.

At the turn of the century the Town of Rye was famous for the many hotels maintained for the pleasure of summer vacationists. The loss of the Ocean Wave Hotel at Foss Beach by fire during the early morning hours of April 25, 1960 has further decreased the ranks of these old landmarks within the town.

Although the hurricane of September 12, 1960 did not reach its expected velocity and consequent damage, the appreciation of the town is extended to the personnel of the Highway, Fire and Police Departments for standing by after regular duty hours and for extra work performed. We particularly thank Mr. Earl C. Walker for opening the Junior High School to residents of the threatened

beach areas and for staying at the school building for the duration of the storm. We also thank individuals who donated and offered emergency provisions.

The Army Engineer's findings on the New Hampshire Beach Erosion Study outlined nine potential projects within the confines of Rye. The only project, however, which qualified for Federal Aid was the improvement and enlargement of Wallis Sands State Beach.

We take this opportunity to pay our respects to Mr. Neil B. Philbrick, whose death on November 4, 1960 deprived the town of a faithful and conscientious civil servant. At the time of his death he was a Deputy State Forest Fire Warden and a Supervisor of the Checklist, a position which he had held for 16 years. He was also a Town Auditor for 13 years.

We again express our thanks to the Rye Veterans of Foreign Wars Post for the excellent manner in which they conducted our Memorial Day parade and services.

The ladies of the R.V.F.D. Auxiliary again displayed their culinary ability in serving excellent meals to the officials of the three elections of 1960.

Veterans desiring tax exemptions accorded them by N. H. State Law are again reminded that it is incumbent upon themselves to request the necessary "Request for Exemption" form.

Do not hesitate to call on us in the event of any civic problem or question that should arise. Our regular meetings are held on the first Monday evening of each month.

Respectfully submitted,

WESTON F. COOK,
JOSEPH O. VARRELL,
ROBERT B. GOSS,

Selectmen of Rye.

Bethany Congregational Christian Church
Rye, New Hampshire

December 20, 1960

Mr. Weston Cook, Chm.,
Board of Selectmen,
Rye, N. H.

Dear Mr. Cook:

I should like to express through the selectmen, to the people of Rye, our heartfelt thanks for the generous donation of the Town Hall Bell, for our new church.

We are all anxiously looking forward to the completion of our new church home and the pleasure of once again listening to the bell peal out its spiritual message each Sunday morning.

Sincerely yours,

A. J. SMITH, *Chairman*
Memorial and Gifts Committee.

SELECTMEN'S REPORT

INVOICE

For the year ending December 31, 1960

Highway Agent's Report

To the Citizens of Rye:

The work of road maintenance is very much the same each year depending on how much damage is done to the roads in the winter and spring. A day or two of steady hauling on any road when the frost is coming out can do more damage than all the winter months put together. A little patience on the part of truck owners at that time of the year could save the town hundreds of dollars.

The thing that concerns me most that comes under the highway department is the care of the town dump. The Town of Rye has dump hours twenty-four hours a day, seven days a week, from Fall to the first part of June. From June to Fall, the dump is open four days a week from 7:30 A. M. to 4:00 P. M. and two days a week from 7:30 A. M. to 8:00 P. M. Many of our citizens think we do this to make it inconvenient for them to use the dump. There is a very good reason for these hours in summer.

The Town Dump, to begin with, is poorly located. On Garland Road, to the south, stands two large sets of farm buildings with a field between them and the dump. that is never mowed. West of the dump are several acres of woods that are so thick you cannot walk through. North, we have the heaviest settled part of West Rye with several large sets of buildings. Most of these are separated from the dump by fields that have not been mowed for years and would be hard to stop if they caught fire. East, we have a large tract of land overgrown with brush and grass. Summer time is our dry time and that is when we have regulated dump hours. When the dump is open there is a watchman there, so fires can be reported at once. It should be understood that there is no water system in this part of town and the ponds are dry in the summer. I feel that the property and peace of mind of the people in this part of town is worth more than the inconvenience it causes.

At the intersection of the dump driveway and Grove Road is a sign to let people know when the dump is closed. Many people pay no attention to the sign and go in. Some carry their rubbish past the gate to the dump but others throw it in or on the side of the road. The law sets the maximum fine at \$100.00 for throwing rubbish on the road or roadside. This amount would, at the rate charged for picking up rubbish, pay to have it taken to the dump for many months.

I hope this will help the people to realize the real

purpose for having dump regulations.

CHARLES P. GORDON,
Highway Agent.

CHARLES P. GORDON,
Highway Agent.

Fire Chief's Report

We have just completed another year in the fire service to the Town and with two exceptions have had no serious fires.

The Foss house on Washington Road was ruined by a fire of a suspicious origin and the case was handled very well by the Police Department.

The Ocean Wave Hotel fire may not have happened at all had the owners kept the building locked to prevent trespassing. While the Police Department makes frequent checks on buildings that are closed, a hotel this size should have its own watchman. The owners were notified that the hotel was unlocked but did nothing about it. Investigation showed that this fire was reported to have been seen an hour and a half before the Fire Department was called.

I would like to take this opportunity to urge anyone seeing a fire or what they may believe to be a fire to call the Fire Department at once. We will investigate it and what you may have thought to be of no importance could be prevented from becoming a ruined home, hotel or a burned over wood lot.

The Town has added a hose drying tower to the Fire Station this year and it is proving to be real successful. After the hotel fire, the Hampton Beach Fire Department dried some of our hose. The Portsmouth Fire Department dried some and loaned us several hundred feet of hose to use while ours was drying. We now have a place to dry our own hose, and can help anyone else who has more wet hose than they can handle.

The Mutual System in this area is still an important part of our fire fighting service. We have received aid from several towns this year and have sent help out of town when called.

Again I want to thank all who have helped us in any way this year. The Ladies Auxiliary have again served coffee and sandwiches to the firemen and they certainly appreciate it.

Your Fire Department received sixty-one calls during the year 1960 as follows:

Flooded Oil Burners	4
Chimney Fires	4
Building Fires	8
Overheated Motors	5
Resuscitator	6
Rubbish Dump	5
Brush Dump	4
Grass Fires	7
Trailer Fires	1
Electrical Appliance	5
False Alarms	1
Tractor Fires	1
Checking Out Smoke	2
Lost Children	1
Brush Fires	2
Television Fires	1
Mutual Aid to Portsmouth	1
Mutual Aid to Greenland	1
Mutual Aid to Hampton Beach	1

Portsmouth, Greenland, Newington, North Hampton, Air Base, Navy Yard responded to Rye one each.

CHARLES P. GORDON,
Fire Chief.

Forest Fire Warden's Report

I am pleased to report another year with a fine fire record and I ask your continued help in maintaining this good record.

I remind residents that permits are required for all outdoor fires and burning except when there is snow on the ground. These permits may be obtained at the Fire Station. It is the policy of the Warden not to issue permits for Sunday burnings. Past experience has shown that Sunday permits have been responsible for many bad fires.

I would like to personally thank the Rye Fire De-

partment and the Volunteer Firemen for their willingness to cooperate with me at all times.

E. LEROY GREENE,
*State of New Hampshire Fire Warden
for the Town of Rye.*

Municipal Court

With the elevation of the Honorable Thomas J. Morris on April 15, 1957 to the New Hampshire Superior Court, the Rye Municipal Court was without a permanent justice until February 5, 1960 when Honorable Gerald F. Giles became the presiding justice of this Court. Honorable

Richard E. Dill continued as special justice and the undersigned became Clerk of the Court shortly thereafter. During the three year interval the sessions of court were held by the late Honorable Oscar Neukom and others serving in a temporary capacity.

With the appointment of Judge Gerald F. Giles, the second permanent justice of the court, the court was reorganized.

During the year ending December 31, 1960, the court disposed of 225 cases. Of this number, 220 were criminal cases, 4 juvenile, and 1 civil case (landlord and tenant). Of the 220 criminal cases, there were 8 felonies and 212 misdemeanors. Of the 212 misdemeanors, 174 were motor vehicle offenses and the remaining 38 cases were fish and game, drunkenness, possession and procuring beer by minors, etc.

In the financial report submitted herewith it will be noted the court expenses, paid out by the clerk, amounted to \$269.38. A detailed statement of these expenses was submitted to the auditors, however, an explanation of the larger expenditures should be noted here. It was necessary to purchase a file at a cost of \$120.00; print a new supply of complaints and warrants at a cost of \$48.50; information to respondent's folder at a cost of \$20.00 and the fees necessary for the appointment of two bail commissioners and the clerk, \$30.00. All of these expenditures are non-reoccurring disbursements on an annual basis.

Those who now constitute the Rye Municipal Court wish to take this opportunity to express their appreciation to the Board of Selectmen and other town officers for their assistance and cooperation in assisting in the reestablishment of the court during the year.

Respectfully submitted,

CHRISTOPHER S. CHRISTO,
Clerk.

Rye Police Department

TO THE CITIZENS OF RYE:

We wish to express our appreciation to the Rye Fire Department for their invaluable assistance during the past year. Their cooperation aided this department in various phases of its activities. Reference to one of the activities that this department is confronted with, is the furnishing of adequate ambulance service. It is becoming increasingly difficult to furnish ambulance service in the manner we

would like, due to the lack of head room in the design of the modern station wagon. However, we will continue to furnish ambulance service in emergencies and do our best with what we are provided with and hope that the people of Rye will bear with us and our equipment.

After compiling the statistics of both criminal and motor vehicle offenses for the past year, no noticeable increase in the overall rating is apparent.

An epidemic of house breaking occurred in the Rye Beach area at the beginning of the year. However, after many diligent hours of investigation by this department, those responsible for these crimes were apprehended and approximately \$20,000 of stolen property was recovered and returned to the rightful owners. Three of the four persons convicted of these crimes are still serving sentences in the N. H. State Prison.

It might be well to re-emphasize the need for all home owners to stop delivery service to their homes when they expect to be away for any prolonged period of time. Such items as milk, newspapers, mail and any other items left on the porch, is an invitation to persons who have designs of forcibly entering a home and committing larceny. We appreciate those persons who inform us that they will be away for any specified period of time, but we would also like to be informed when they return.

During this past year, Jessie A. Beane resigned from the Clerk's position in the Selectmen-Police office and was replaced by Mrs. Jennie Creighton. Additional filing cabinets were purchased for the Police Department to meet the ever increasing need of providing adequate space for record keeping.

The following is a list of offenses and miscellaneous items that were handled by the Department during the year:

COURT CASES

Criminal:

Breaking, Entering with Larceny

7

Simple Larceny	3
Town Ordinance	6
Rubbish on Highway	6
Minors with Beer or Liquor in their Possession	11
Beer or Liquor Sold to Minors	5
Drunk	1
Assault	1

Motor Vehicle:

Failing to Stop for Police Officer	1
Registration Plates Not Displayed	1
Failing to Keep to the Right	1
Stop Sign	47
Speeding	33
Yellow Line	30
Operating Without a License	11
Operating Unregistered Vehicle	6
Operating After Suspension or Revocation	2
Misuse of Plates	3
False Information to a Police Officer	1
Driving While Intoxicated	2
Grossly Careless and Negligent Operation	4
Allowing Unlicensed Person to Operate	3
Uninspected Vehicle	2

Total Criminal and Motor Vehicle 187

Miscellaneous:

Juvenile Cases	14
Neglected Children	1
Motor Vehicle Warnings	120
Suspension of Operators Licenses	27

Health Officer's Report

One case of measles and one case of scarlet fever were the only communicable diseases reported to the local Health Officer during the past year. No doubt there were other cases of communicable diseases that were not reported to the local Health Officer but there was no epidemic of any kind.

It seems that garbage disposal and improper functioning of septic tanks have been the main concern of the Health Officer during the past year.

Respectfully submitted,

WALTER M. ANDERSON, M. D.,
Health Officer.

Planning Board

The Rye Planning Board held seven (7) meetings this past year. Five (5) petitions were received, two (2)

were approved, two (2) were withdrawn, and one (1) is pending final approval. Under Item 7 of the Town Warrant of March 8, 1960, a plan for numbering houses was adopted. Mr. Charles Parsons and Mr. William Wilder have completed the numbering of all streets with the exception of those that require new names. This project is expected to be completed in the very near future.

Mr. Charles Parsons continued his work on the Town Property Map and has completed the area embracing the entire length of Wallis Road, the Ocean Boulevard from Washington Road to Marsh Road and the portions of Brackett Road and Sagamore Road between Wallis Road and Washington Road.

Mr. Vincent Boutillier was elected Chairman of the Rye Planning Board and Mr. Howard D. Griffin. Vice Chairman.

Respectfully submitted,

R. NORMAN STERN, *Clerk.*

Report of the Board of Adjustment

The Rye Board of Adjustment received seven applications for variances during the year. The Board granted variances to four of the applicants and disapproved one application. Action on two applications is held in obedience, one until the applicant acquires additional land, and one to be acted on at a Public Hearing in January, 1961.

In addition to the regular monthly meetings, the Board held two special meetings and six Public Hearings.

The Board of Adjustment holds its regular meetings at the Rye Town Hall at seven-thirty p. m., on the first Tuesday of each month.

Respectfully submitted,

L. S. STEWART, *Clerk.*

Report of Library Trustees

In June of 1961, fifty years will have passed since Miss Mary Tuck Rand realized her dream of a Public Library for Rye; and the beautiful little building stands as a memorial to her vision. It was adequate for the needs of those early years when the population of the town was only about one thousand. Since then revolutionary changes have affected our whole way of life; new and exacting standards of library service have been set up, and our population has tripled in number.

The needs of our youth for help in their expanding problems of research are constantly increasing, while the use of the Library by all ages grows yearly. All available space for book shelves has been utilized and the need for expansion is urgent.

Your trustees have carefully studied this problem, and with the advice and help of Mrs. Mildred McKay, State Librarian are presenting a plan for an extension to be built out from the rear for a stack room, thus releasing the present stack room for use as a youth room, and solving many of the problems which now exist. Mr. Horace Bradt was chosen as architect.

A larger magazine rack has been built which displays the magazines to better advantage. It was found advisable to have the tops of the reading tables refinished.

A trust fund of \$1,000.00 has been given under the will of the late Russell Hook, in loving memory of his mother, Mary Isabel Weeks Hook, the interest to be used for books. The late Miss Irene M. Gurdy has bequeathed \$500.00 to the Library.

We join the Librarian in grateful acknowledgment of the money, books, and magazines that have been presented during the year by interested organizations and friends. We express sincere appreciation to Mrs. Trefethen and Miss Chapman who have so cheerfully and loyally taken on the many extra hours of work due to the opening of the Library the third day of the week.

Mr. Blake Ramsdell, who had served as caretaker since 1948, resigned in the spring. The present caretaker is Mr. John Moynahan.

Respectfully submitted,

HELEN F. PHILBRICK,
CHARLES W. PARSONS,
ELIZABETH A. GREENE,

Trustees.

December 31, 1960

Librarian's Report

A marked increase in library patronage has been evident during the past few years. Circulation this year has continued its upward trend with an increase of 1,722 books over that of 1959. 26,547 books were circulated during 1960. Of these 9,734 were children's books. Not included in the above totals, 130 books were borrowed directly from the State Library in answer to special requests of readers. Our busiest months, circulation-wise, were July and August, when many summer visitors made enthusiastic and frequent use of the library. During these two months alone 5,991 books were borrowed.

Circulation figures above do not give an accurate picture of library use. Our reading room is often filled with students making good use of the reference books there and the librarians are kept busy helping with research questions. A number of new worthwhile reference volumes have been acquired this year. The Reader's Guide to Periodical Literature now makes it possible to find magazine material much more readily. Webster's Biographical Dictionary, 20th Century Authors and its supplement, American Authors 1600-1900, help greatly with biographical information for book reports, etc. A number of books on New Hampshire history have been acquired and we are especially grateful to Miss Alma Hill for several of these. We are still in great need of another copy of the Rye History and would much appreciate a chance to acquire one.

During 1960, 875 books were added to our shelves. Of these 145 were gifts, 63 were purchased from fine money and 667 were purchased from Town and Trust Funds. We have also supplemented our supply by borrowing from the State Bookmobile 813 books.

The State Library has served us in many ways. The afore-mentioned privilege of borrowing supplementary books is, of course, of immeasurable value to our borrowers. Mrs. McKay, State Librarian, and Mrs. William Hopkins, Public Library Consultant, have both visited Rye this year and conferred with us regarding our expansion problems. They gave us many helpful suggestions and valuable professional advice. Miss Chapman and I have attended and benefitted from several neighborhood library meetings sponsored by the State Library. We are grateful, too, for the several books awarded to us for attendance at these meetings and for the helpful literature distributed periodically by the State Library.

Children's' Book Week and National Library Week were both observed at the Rye Library. In celebration of the latter a very successful poster contest, sponsored by the Library, was conducted in the fifth, sixth, seventh, and eighth grades of the Rye Schools. Book prizes were awarded to the winners in each grade and the winning posters were displayed at the Library. At the same time, new children's books were exhibited at both schools and at the Library.

We would like to express our thanks to the many persons who have this year contributed money, books, or magazines. Their interest and generosity are always appreciated. To the Every Other Tuesday Club, the Rye Junior Women's Club, and the disbanded Sea Scouts Ship 181, our special thanks for gifts of money with which we have purchased a number of outstanding and appropriate books. We also very much appreciate bequests from the estates of Miss Irene Gurdy and Mr. Russell Hook, the one an outright gift, the other to be established as a Trust Fund for the purchase of books.

We were saddened this fall by the death of Mrs. Neil B. Philbrick, who served with great devotion for many years as a trustee of the Rye Library.

We are ever mindful of the need for more space, for we cannot adequately serve in such cramped quarters. The children's section is extremely crowded. It is difficult for youngsters to find or to make proper use of books, shelved as they are now. We are hopeful that the townspeople will approve the plans and recommendations for expansion which will be presented at the March 1961 Town Meeting. These have been drawn up with a great deal of thought and consultation among the trustees, the Rye Library staff, the architects, and the State Library staff. The proposed addition is a very practical one which will serve the town for many years and one which will in no way detract from the architectural beauty of the present building. June 1961 will mark the fiftieth anniversary of the dedication of the Rye Library and its presentation to the town by Miss Mary Tuck Rand. During these fifty years the population of our town has grown tremendously and this would seem a significant time for library expansion.

Respectfully submitted,

HELEN H. TREFETHEN,
Librarian.

Report of Trustees of Trust Funds

During 1960 nine trust funds were added to the portfolio, increasing the total number to 284 now under the supervision of the Trustees. One of the new funds, amounting to \$1,000 and given in memory of Mary Isabel Weeks Hook, has been designated for use of the Town Library. Since 1912, sixteen trust funds, totalling over \$18,000, have been established for the library which will celebrate its Golden Anniversary in 1961. A special invitation is given to the townspeople to provide additional trust funds for library use to commemorate its founding in 1910 by Miss Mary Tuck Rand. Everyone benefits from such library endowments.

Since 1909, two hundred and sixty-eight trust funds have been created for the perpetual care of lots in Central Cemetery. Endowment for the perpetual care of other lots in the cemetery should be provided by their owners. In this manner the proper care of each lot is assured and the general beauty of the grounds is enhanced.

In 1931, Daniel Woodbury Dalton bequeathed to the Town of Rye a trust fund amounting to \$58,666.54 "*to be called the Dalton Fund, the income to be used for the care, improvement and beautifying of Central Cemetery in the said Town of Rye.*" The annual income from the Dalton Fund is about \$2,500. The beautification of the approaches to Central Cemetery and of its drives have been in large measure due to the availability of this fund.

Respectfully submitted,

AGNES M. BROWN,
MILDRED I. RAND,
JOHN L. PARSONS,

Trustees of Trust Funds.

JOHN E. JOHNSTON,
Auditors.

School Board Report

Your School Board respectfully submits the following report:

Although there are problems this year, the overall picture in our schools is considered exceptionally good. We lost less teachers this year than previously which helps considerably with the reopening of school. The primary problem at the beginning of the year was the fact that Mr. Reade, our principal, was unable to be present due to illness. We would like to say at this time that the responsibilities of principal were accepted on a temporary basis by Mr. Luther. Mr. Reade resigned as of January 1961, and the School Board appointed Mr. Luther as a full time principal. The Board finds it difficult to express itself for the splendid way Mr. Luther was able to take over this difficult task on such short notice and we are pleased to announce that the schools run very smoothly with nominal problems.

As was indicated in our report a year ago there are still improvements which must be made and we are once again faced with another building need within a year. It should be noted that the School Board has already contacted an architect, Mr. Edward Miles, of Exeter, N. H., to carry out the preliminary work at this time. The building need has been brought about by the increased enrollment. This increase has been particularly felt on the elementary level and will soon cause division of classes in the Junior High School. This increased enrollment will undoubtedly mean the hiring of two new teachers for next year. There is a possibility of one in the first grade and one in the second or sixth.

The School Board has felt a definite need of revision in the teachers' salary schedule. We feel that by setting a minimum of \$4,000 we will be able to secure our present teaching staff and will also have a better choice of hiring top quality teachers for new positions. This salary increase will keep the district in line with others in the Union

and State. Once again the School Board is asking the District to vote approval of an Assistant Superintendent to the staff of Union 21. This request has been brought about by the fact that the Union is one of the largest in the State. An attempt this year to reorganize, relign, or redistrict, the Union failed. There is a definite possibility however, that the district may be divided within another year.

Bus service has been supplied this year by Joseph Berry, of North Hampton. The Hot Lunch program continues under the able direction of Mrs. Eleanor Emery. We would like to thank, at this time, all the volunteers who worked at the school during the lunch period and the P.T.A. room mothers who helped during this period. At the present time we have three full time paid members helping with this program.

We would like to point out that the Board has continued to keep the school in good repair by methodically painting a designated number of rooms per year. The Board has seen fit to install a dishwasher at the Elementary School to alleviate the work and to assist in the time program of feeding so many children. The Board has also seen fit to install fluorescent lighting throughout the corridors area of the Junior High. It should also be pointed out that several playground improvements have been made at the Elementary School.

The School Board has welcomed the opportunity this year to talk with various teachers as to practice and material used in their classrooms. We feel this has helped a great deal in understanding the particular and peculiar problems which are often overlooked by the Board. The program of Industrial Arts, Home Economics, Art, and the extended music program has continued within the school system. Recently Mrs. Lium renewed her Russian Language Group in the Junior High School.

A course of French Language Instruction was instituted in the School Year 1959-1960 in the seventh and

eighth grade under the able leadership of Mrs. Sykes. This program has continued in full swing and has been accepted by Portsmouth High School as a full year credit in French.

The Industrial Arts program was placed under the able leadership of a Mr. Moffatt, who conducts classes in mechanical drawing as well as wood working. More emphasis has been placed on our mathematic program with the addition of Mr. Johnston, a full time math teacher at the Junior High. It is a continuing hope and aim of the Board to strengthen wherever possible basic subject teaching.

Due to the unfortunate circumstances of Mr. Reade's illness at the beginning of the school year, the School Board found a definite need to hire a secretary as a school assistant to take up various duties previously performed by Mr. Reade, and his assistant, Mr. Luther. We have found that excellent results have followed, with Mr. Luther devoting his time to the classrooms and teachers, and Mrs. Brown, secretary, doing the tremendous job of record keeping and office work.

The Board expresses its appreciation to Mr. Green, Superintendent, for his sincere interest and cooperation in helping us improve our school system, and regret he has resigned and will be leaving the Union in July.

We would also like to thank the office staff of Union 21 for its prompt, efficient and cheerful service this year. We would like to thank Earl Walker, Ernest Eaton and their assistant, Harry Champion, for the difficult and often thankless task of keeping our schools in such good shape. The Board extends the appreciation of the District to the various organizations which have contributed to our schools. To the Every Other Tuesday Club for their cash rewards at Graduation, to the D.A.R. for the American History Awards, and to the P.T.A. for the following: a \$200.00 gift scholarship for a high school graduate residing in Rye, \$5.00 to each teacher for purchasing books at the Teachers' Convention, \$50.00 to the School Band,

a record player, for sponsoring swimming classes, a pre-school clinic, and dancing classes for grades five through eight and for supplying three volunteer workers per day for the Hot Lunch Program.

We would like to thank the parents of the school children and other citizens of Rye for their support and cooperation of our efforts to maintain and improve the educational standards in our schools.

FREDERICK A. CHAMPION,
MAYNARD L. YOUNG, JR.,
HELEN J. POTVIN,

School Board.

Report of the Superintendent of Schools

To the School Board and Citizens of the School District of Rye:

"I view education as the most important subject we, as a people, can be engaged in."

ABRAHAM LINCOLN.

I wish to take a few moments of your time to submit my third and final report as your Superintendent of Schools. I have considered it a privilege to serve you. Whatever success has been achieved during my administration is a direct result of the fine cooperation granted me by the people of Rye. I wish you and your schools the best of success in the future.

The Rye schools have progressed with the advances in education. Our staff has become larger and more competent; our program of studies has been increased; and our services have been improved and added to. This is the pattern of the present and, I think, of the future. Our schools will become more costly but they will also become more effective.

A severe loss to the Rye schools occurred when Mr. Irvin Reade, Principal, became ill late in the summer and

found it impossible to return to his responsibilities. His subsequent resignation is keenly felt by all of those people who have worked closely with him and value his services as an educator and administrator. I know of few people who have been so devoted to the cause of public schools as Mr. Reade. I am certain that you join me in wishing him the best of health and happiness during his retirement.

Despite the great handicap created by Mr. Reade's illness the school year began in a fine fashion. This is due in most part to Mr. Robert Luther, Assistant Principal, who stepped into the breach with an amazing amount of energy and just the right ability. Mr. Luther has justifiably been elected to the position of Principal and I look forward to many successful years as an educator for this very fine young man. I hope that the people of Rye accord him the respect and cooperation he so justly deserves.

I am pleased that the Rye School Board accepted my suggestion that a secretary be employed. Previously recommended by me, this additional employee became a vital necessity upon the disability of Mr. Reade. Mrs. Brown has proven to be very capable and the continued employment of a secretary is essential to the effective functioning of your schools.

The curriculum has been strengthened through the addition of a second year of French at the Junior High School, an expansion of educational television, the incorporation of "ability grouping" at the elementary school, and the employment of a Teacher at the Junior High School who devotes full time to the instruction of arithmetic. The science and arithmetic curriculum committees, initiated last year, are about to complete their projects and these two programs of studies will materially improve our offerings in those subjects.

Rye still faces continued growth and it will be necessary to add two teachers to the staff for the school year 1961-62. These teachers will serve as needed but it now appears that they will be employed in Grade One and Grade Six.

This growth will necessitate the construction of additional classrooms. The School Board is working on this project. My hope is that grave thought will be given to this and that any construction will look to the probable future needs as well as to the pressing present needs. Too often classrooms are constructed in relative haste without regard for the over-all educational program. Mere space is not the answer. I am confident that the Rye School Board will consider these things and prepare plans accordingly.

The 1961-62 budget contains a provision for a salary schedule based upon a \$4,000 minimum salary with increments of \$150. This is a realistic approach to the perennial problem and I am hopeful that the Rye School District will grant its support to the proposal. With such a salary schedule Rye will be able to compete with its neighbors for the better candidates. While money is not the sole determinant in recruiting Teachers it most certainly is a great aid.

Also included in the budget is a modest salary for a full-time, "year-round" Principal. With the exception of Rye all of the larger school systems have been employing their Principal on this basis. Much can be done during the summer and school vacation periods that warrant the employment of a professional person. This, too, deserves the full support of the school district.

The Supervisory Union will remain as currently constituted. The attempt to reorganize has been postponed. It is my view that a reorganization is essential and I expect that it will eventually take place. In spite of the excellent cooperation of all parties, and the unusual efforts of many, there is still much left undone. Currently the sixth largest school unit in New Hampshire, Supervisory Union #21 is further "enlarged" by being divided into eight separate portions, each with its own budget, policies, salary schedules, etc.

School Board members have expressed the opinion that this system needs to be both reduced in size and given

additional administrative help in the form of an Assistant to the Superintendent. Rye can express an opinion on the latter by supporting the article requesting funds for its portions of the salary of such a person. The former probably must await legislative action.

Some of the school districts are increasing the school year to 185 days of instruction and I hope that Rye does the same. While this is not the complete answer to "more time for instruction" it is a step in the right direction. It is generally agreed that the body of knowledge necessary to a complete education cannot be obtained in the traditional manner nor in the span of the usual school year.

I wish to express my appreciation to all who have assisted with the functioning of the Rye schools. Staff members, School Board, volunteer aides, interested citizens, and, of course, the personnel of the central office with special mention of Miss Leota Whitcomb, Helping Teacher, and Miss Edith Hammond, Executive Assistant, all share in the progress that has been manifest.

I have enjoyed my service with you and shall be always grateful for your part in granting me the matchless opportunities that have come my way. Again, my best wishes to you for the future success of your school system.

Respectfully submitted,

C. M. GREEN,
Superintendent of Schools.

January 3, 1961

Hot Lunch Program

To the Superintendent of Schools and the School Board of Rye:

Hot lunch is served daily at both schools at a cost of 25 cents each per meal for pupils in the first four grades and 30 cents each per meal for pupils in grades five through eight.

The average number of students taking hot lunch in December was 190 at the Elementary and 135 at the Junior High. This total represents over 65 % of the total school enrollment.

At the Elementary School the program is supervised by Mrs. Brandon Shaw with two mothers volunteering their services each day. At the Junior High, Mrs. Earl Walker is in charge with one volunteer assisting daily.

A dishwasher was installed at the Elementary School last fall which facilitates the washing and drying of equipment there.

A sample menu is as follows:

Meat Loaf	Mashed Potatoes	Peas
Bread and Butter		Milk
	Vanilla Pudding	

I wish to thank the PTA room mothers who procure the volunteer help and all who have assisted with the program in any way.

Respectfully submitted,

ELEANOR EMERY,
Hot Lunch Supervisor.

Report of the School Nurse

To the Superintendent of Schools and the School Board of Rye:

As school nurse, I have visited the schools of Rye three days each school week.

Physical examinations are done on all second and sixth grade pupils. All boys who participate in sports are given a check up by Dr. James Sanders.

Last May two pre-school round ups and registration days were held at the Elementary School. Physicals were given to all pre-school children who had not previously received one.

Dental inspections were done by Dr. Robert Willmer, a Rye dentist.

All children were weighed and measured and a complete health history was taken on each child.

Vision screening tests were done on all students. Twenty-eight needed complete eye exams by an eye doctor. All were given the necessary correction.

Hearing tests were done on pupils of grades one, three, and five at the Elementary School. At the Junior High, all pupils were given hearing tests.

Polio clinics were held in both Rye Schools during the month of May. 287 children received the Salk Vaccine.

In June an evening polio clinic was held at the Elementary School. This was for the convenience of adults and also for any children who missed the school clinics. Sixty-five persons were given the Salk Vaccine.

Tuberculin Patch Testing was done on all first grade pupils. All results were negative.

Classrooms are visited weekly.

Home contacts are made whenever necessary. A total of 265 were made last year.

My thanks to everyone who assisted me in any way during the school year.

Respectfully submitted,

JESSIE M. MANSOURIAN, R.N.

School Nurse.
